

Principles of Nuclear Safety

Module 9

Hierarchy of Documents

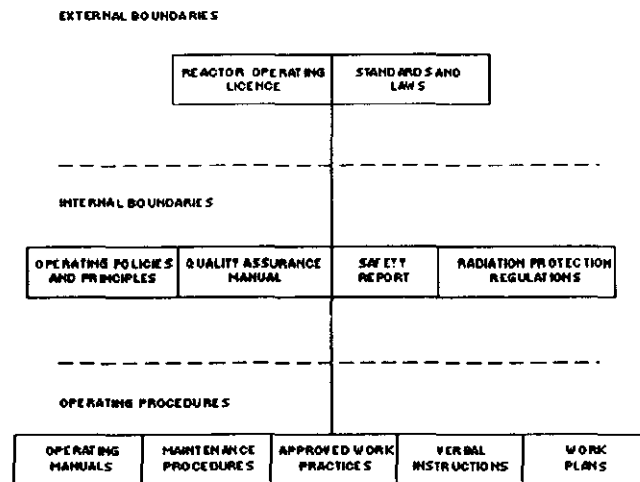

Slide 1

Hierarchy of Documents

- 1) **Externally imposed Boundaries**
 - » laws, license, codes & standards
- 2) **Internally imposed Boundaries**
 - » high level policy documents
 - » changes must be approved by AECB in some cases, eg, OP&P and Radiation Protection Regulations
- 3) **Operating & Maintenance Procedures**
 - » working level station instructions

Slide 2

Hierarchy of Documents

Slide 3

SS Span of Control

- SS controls use of O&M Procedures
- O&M procedures must be within both external and internal prescribed boundaries
- SS can originate and approve O&M procedures, and can approve deviations from procedures approved by others, except where Manager's approval is required
